Welcome:

- JP

Approve Minutes from June, July and August, 2017 meeting

- Approved unanimously.

MS4 Recap

- Good meeting Vendors happy 3 different rooms for session 120. 100 paid attendees and 16 vendors. Core group that comes every time. Need to expand. Next year is in Chattanooga, TN. Water resources will help get tours. Suggestions for next year? Need to expand the reach. Possible other networking. Depend on membership to get the word out. Issue is getting the State regulators out. Unable to travel.

Treasurer's Report

- Wilson provided a Treasurer's report. Because of the amount of fraudulent checks written on the previous account, a new account was opened and the old account was closed. Approximately \$20K of checks written fraudulently on the account. However, because the account was frozen, none of the items were paid. We are now able to write checks and will pay vendors that had not been able to be paid for the last several months because of the account freeze.

- JP noted that we don't have an official budget approved as yet; this is planned to be developed in August. Copies of old statements will be provided from Wells Fargo this week. Ted suggested a committee of 3 to perform an audit. The following were named to perform this task: JP, Wilson, Ted

Update from National –

- Call for Awards (National Recognition Awards) open until October 31, 2017
Please visit www.ieca.org to submit nominations
- Over 100 abstracts for Long Beach - Ted reminded the group about Long Beach EC 2018; good education events planned.
